NSW Angel Ring Update

2nd October 2007

“NEW” ANGEL RING FOR TUROSS

Tuross Country Club Fishing Club President Fred Vezis, had recently brought to our attention that an angel ring post had been installed at One Tree Point at Tuross Heads, however a ring had not been present for many, many years. This had the past and present angel ring teams scratching their heads as to when this had been installed and by whom?

Not wishing to look a gift horse in the mouth, a ring and updated plaque were quickly organised and delivered to the location and Fred and his club will monitor the ring on our behalf. The assembly is definitely one of ours, and may have been installed in the days when many of these rings were just installed overnight without any permission and on the advice of local anglers who knew this location was a popular and potential black spot. The location is now logged in our official management plans and a new location map will be appearing on the website soon.
