Angel Rings Go Bush!

Recreational
Fishing Trusts

ROTADYNE

On the 17th May the NSW Angel Ring Project made its first foray out west and with the support and cooperation of the NSW Council of Freshwater Anglers and the Wentworth Golf Club at Orange installed 2 rings surrounding a lake that is stocked with trout and popular with local children. What better way to spend a day and with a Golf Cart at your disposal!

Following on from that we will be working with Blue Mountains County Council to install new rings at Lake Wentworth just west of Katoomba where a young angler recently lost his life trying to land a fish.

Stan Konstantaras

Angel Ring Coordinator.
